

Changes to Argus European Electricity effective from 1 November 2013

The following changes will be introduced from 1 November and over the following months. This announcement will be repeated in individual announcements for each applicable date after 1 November 2013. This notice gives the overall code changes required for the transition of UK electricity trading from the Electricity Forward Agreement (EFA) contracts to the Gregorian calendar contracts as used in all the other European electricity traded markets.

A previous announcement on 1 August 2013 noted the renaming of existing codes to include “EFA” in the description. Two more codes have been added to this renamed “EFA” category.

These codes are in the DAEE folder of the <ftp.argusmedia.com> server

PA-code	Old Description	New Description
PA0000273	UK OTC base load year	UK OTC base load EFA year
PA0000305	UK OTC peak load year	UK OTC peak load EFA year

The following new codes are being phased in from 1 Nov 2013 in the DAEE folder of the <ftp.argusmedia.com> server:
