Changes to Argus US Products effective 3 January 2014

Argus is adding a second year for the Biodiesel, Ethanol and Cellulosic RIN calendar year series. These series are a supplement to the existing RIN expiry pattern series and present the relevant forward year RIN assessments while rolling on the calendar year. The RVO series will also carry the corresponding calendar year as a part of its data feed.

Existing current year RIN codes will change their description:

PA-code	Old description	New description
PA0010069	Ethanol RIN current year	Ethanol RIN calendar year
